

Proposed Vision of Washtenaw Success by 6[®] Leadership Commission

That every child in Washtenaw County enters school ready to succeed

Proposed Mission of Washtenaw Success by 6[®] Leadership Commission

To ensure that every Washtenaw County family has access to a comprehensive and collaborative system of community-based early childhood programs, services and supports.

Proposed Value Statement of Washtenaw Success by 6[®] Leadership Commission

The Leadership Commission of Washtenaw Success by 6[®] seeks to enhance services for young children and their families throughout Washtenaw County with attention to our values through a commitment to:

In all we do in Washtenaw County:

- A family-centered approach to delivering services that views the family as an active part of service and community services
- Effective and user friendly service delivery that is culturally responsive and respectful of differences
- Inclusion of both targeted and universal approaches to serving families.
- Mutual respect and integrity among participating agencies, respecting the individual agency's mission, values, vision and capacity

In the work of the Leadership Commission:

- Group and team-based decision making based on outcome data and continuous improvement through evaluation, validation and refinement with the involvement of families and community partners.
- Focusing on outcomes instead of agency methods or practices
- Efficient and full utilization of all resources, collaborating and sharing resources whenever possible
- Decision making based on outcome data and continuous improvement through evaluation, validation and refinement with the involvement of families and community partners
- Strengthening community services through a holistic approach rather than a gap-filling approach

- Frequent and sustained communication going up, down and across participating agencies and funders

In the work of our partner agencies:

- Matching families to services that best meet their needs and utilize agency strengths
- Involving families in decision making
- Being strength based and communication focused
